Please add your comment here if 100 words or less. For lengthier comments see below.: I completely support the creation of a 32nd Judicial District, consisting of Hickman, Lewis and Perry counties. Since the creation of Division 5, which established a specifically designated judge to preside over these three rural counties, our courts have been much more fully served by having a local judge on the bench. I sincerely hope the Advisory Task Force will take into account all of the support that has been shown from the overwhelming majority of attorneys, judges, elected officials, and community leaders from Hickman, Lewis and Perry counties, and agree to support and recommend the creation of the 32nd Judicial District consisting of these three counties.
