

Payment Disbursements done easy.

The logo for CourtFunds. Above the word "COURT" is a horizontal row of ten small, grey, stylized human figures. The word "COURT" is in a black, serif font, and "FUNDS" is in a red, serif font. Both words are underlined with a thin grey line.

POWERED BY **RAPID FINANCIAL SOLUTIONS**

WHO IS RAPID FINANCIAL SOLUTIONS

We operate under an umbrella of different brands mainly targeted on County governments, municipalities and associates.

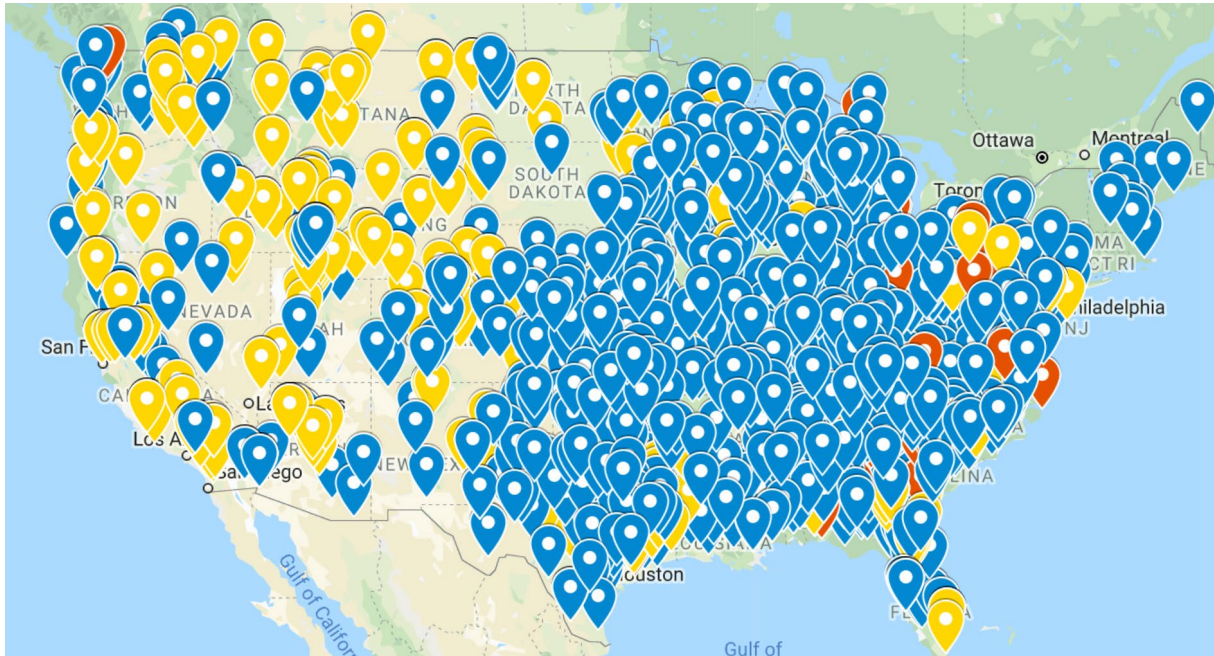

We provide an integrated seamless electronic disbursement solution, which allows payors to gain efficiencies that streamline and reduce costs associated with paying disbursements.

WHAT DOES RAPID DO? Courts and Corrections

*Jury Payments / Restitution / Child Support / Bond Reimbursements / Witness Fees / All disbursements
Release Cards / Reloadable Work Release / Inmate Transfer Funds*

Disbursement technology built specifically to *efficiently* and *effectively* disburse funds without the mess, hassle and cost of *paper checks*.

We serve approximately
1,700 government agencies
nationwide.

Why Electronic Disbursements? County/Court

Fact: Paper checks are more labor intensive and costly to manage than an electronic payment

Benefits for the County / Court:

Paper Checks:

- costly to produce
- labor intensive for accounting to create a “payee”
- uncashed or lost/damaged
- escheatment process
- reconciliation issues due to non cashed checks
- ever increasing check fraud potential

Rapid’s disbursement technology eliminates all the issues associated with paper checks

WHAT DOES A CHECK COST

The average cost of a check is **\$7.78***.

Cost per check includes:

Paper, Ink
& Supplies

Reconciliation

Labor

Unclaimed checks

Envelopes
& Postage

Lost &
damaged checks

“Per Bank of America and Wells Fargo, they report that the cost to manage a check is between \$5 and \$26.”

*Based on a cost of \$7.78 per item, according to the Aberdeen Group
<https://acom.com/cost-issuing-checks/>.

CourtFunds achieves the following for courts:

1. Reduce cost through eliminating checks
2. Reduce risk by eliminating check fraud
3. Eliminate uncashed checks no more escheatment
4. Provide immediate account reconciliation
5. Increased satisfaction for juror when disbursements are received in less time, less costly and with more options

Why Electronic Disbursements? Juror

Fact: Paper checks are more labor intensive and costly to cash than an electronic payment

Benefits for the Juror:

- Receive Payment quicker – once payment file is approved it's uploaded for payment and funds are immediately available

- More reliable than waiting on the mail – checks get lost in the mail

- Eliminate check cashing fees – up to 30% of citizens are unbanked or under banked which means they will pay a fee to cash a check.**

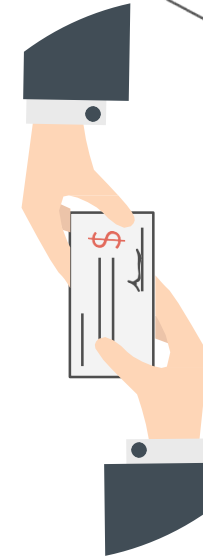

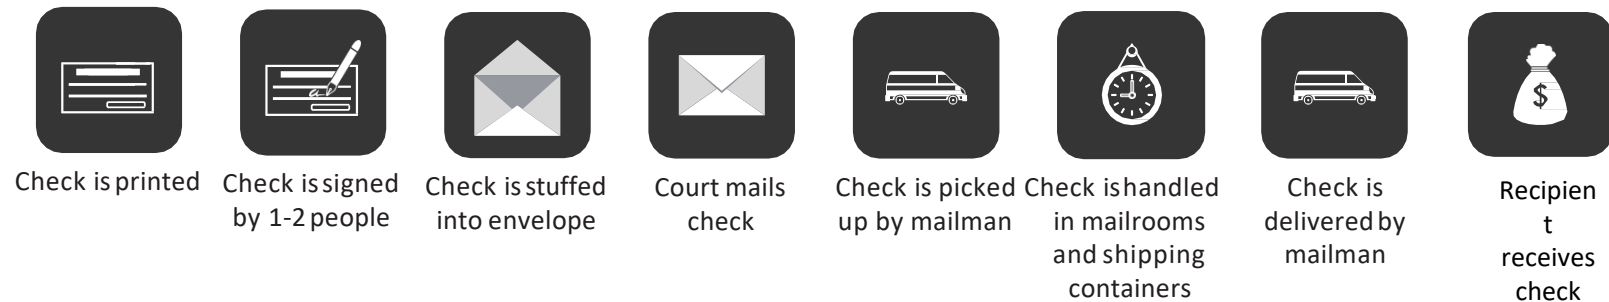

- Easier access with more options to receive their money – their way!

- Easy access to their balance and transaction history

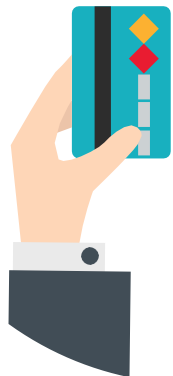

Rapid's disbursement technology eliminates all the issues associated with paper checks

Touchless Disbursements

More people touching a single object results in more germs transmitted and a higher risk of someone getting sick.

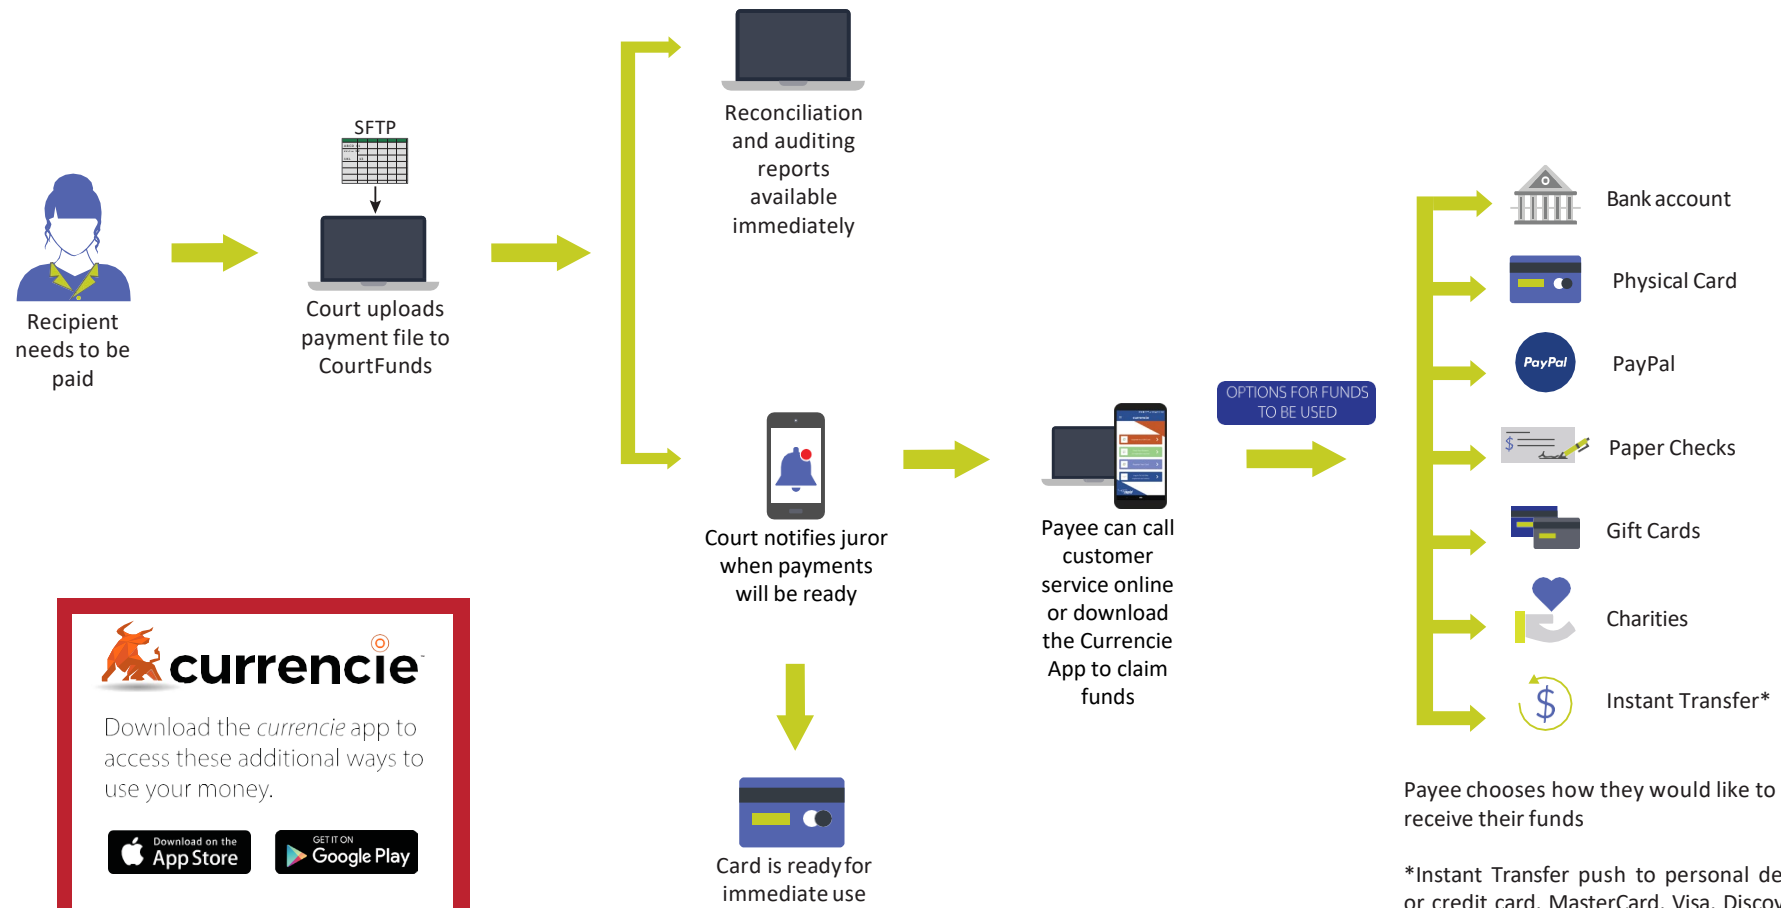

CourtFunds helps your court implement a *touchless* and electronic disbursement system

COURTFUNDS

TOUCHLESS DISBURSEMENT

HOW IT WORKS

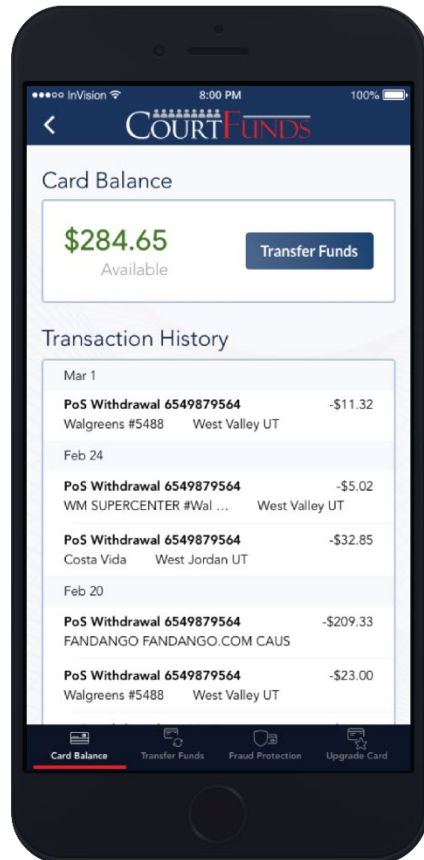

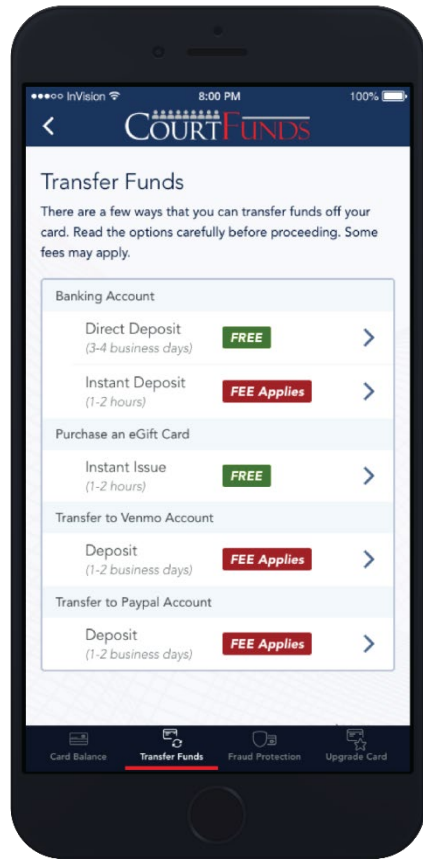

Download the *currencie* app to access these additional ways to use your money.

Payee chooses how they would like to receive their funds

*Instant Transfer push to personal debit or credit card. MasterCard, Visa, Discover, and American Express are supported. Fee may apply.
